

Suggested page order in the K.O.I. Guide and Supplements 1, 2, 3, 4 & 5

Updated 9-23-17

Notes:

1. No page numbers are assigned to Pond Call forms or blanks
2. Pages within a section can be in any order, e.g., Sanke, Showa, Kohaku, etc.
3. Items in quotes below are the titles on the indicated pages
4. Moving blanks to the back of the binder makes using the Guide a bit easier. Taking them all out but a few make the binder even more manageable.
5. Getting the “Big Book” provides twice as much room for pages
6. The most recent supplement pages are identified with its identifier, e.g., most recent for this page order is supplement 5 as indicated by S5 on the far right of the rows.
